

Suggested Project for Tempus program

Name	Mohammad Skaik
Staff position	Director of Business and Technology Incubator (BTI)
E-mail address	mzskaik@iugaza.edu.ps
Mobile number	00972 599 504475

Proposed Project title	<i>BTI Centre for Innovation Excellence</i>
Importance of the project	The project will build and improve the capacity of Palestinian Higher Education Institutions (HEIs) to deliver more entrepreneurial and innovative “know-how” practices and integrating best innovative practices in the academic.
Type of the project	<input checked="" type="checkbox"/> Joint Project <input type="checkbox"/> Structural Measures
Type of Partnership	<input type="checkbox"/> National Project <input checked="" type="checkbox"/> multi-country project
Suggested local partners	
Project Theme	<input type="checkbox"/> Curricular Reform <input checked="" type="checkbox"/> Modernization of governance, management and functioning of HEIs <input type="checkbox"/> Strengthening of relations between HEIs and wider economic and social environment
The problem	HEIs lack of institutions working on developing the best practices of academic process, which makes it a necessity to establish a center that takes into consideration the employment of innovation and entrepreneurship among HEIs activities and services.
Specific Objectives	<ol style="list-style-type: none"> 1. Building the capacity of Palestinian Higher Education Institutions (HEIs) to deliver more entrepreneurial and innovative practices by strengthening management and organizational structure by training the senior staff on advanced management tools and adopting those tools within the organizations, such as a Balanced Score Card 2. Integrating the best innovative practices towards a better academic process through developing curricula in relevant ICT and technical fields, and academic and professional programs. 3. Transferring and stimulating the know-how of enrolling innovation and entrepreneurship among HEIs activities and services.
