

Long-run initiatives for 2018-2019

- **Public lectures**
 - **Goal: To educate Chinese audiences about the EU, current EU policies, new initiatives, and other key areas of EU-China cooperation by hosting a series of public lectures at Chinese universities**
 - **Each public lecture will be comprised of two individual sessions held at Chinese universities, with audiences of ~150 students.**
 - **Funding is available to offset travel and other costs for speakers.**

Lecture topics:

European e-commerce

Artificial intelligence

EU-China Emissions Trading Scheme & climate cooperation

How the EU and China can build stronger trade relations

Agriculture

Lectures will be held over December 2018-April 2019.
