The third day was dedicated to culture with an enriching lecture by Nikos Chalarakis, a trip to the Piraeus Port Authority S.A/COSCO, a relaxing visit to the Parthenon, the Acropolis Museum and the vicinity of Athens. On the last day all teams presented their projects to the committee. The closing event took place in a traditional tavern and everyone had an exceptional amount of fun. We would like to thank all of the participants from China and especially AUEB for hosting the summit and [R & J Culture Life International](#) for jointly organizing it! We hope to see you again!

### Study in Greece in Toronto

Study in Greece, represented by Assistant Professor Dr Christos Michalakelis, was invited to participate to the 3rd Symposium of the [Hellenic Canadian Academic Association of Ontario](#) making a presentation of the Study in Greece initiative as "Bridging Academic Connections in Greece". The members of HCAAO as much as Greeks that live in Canada expressed a high interest regarding the perspective to implement summer and winter schools, as well as study abroad programs. The visit was an initiative of the General Consul of Greece in Toronto, Mr Victor Malignidis, who arranged a number of meetings and phone conferences with Universities of Ontario, namely Waterloo University, Queen's, York, Ryerson and Brock. The meetings intended to raise the interest of the universities to choose Greece as a destination for their study abroad programs.

Study in Greece team expresses its gratitude to Mr Malignidis, without whose support this visit would not be realized and the board of HCAAO for their kind invitation and their interest in the initiative, promising to work hard towards this direction and expand its network with the participation of more international universities
