from us soon!

# WHY

become a mentor?

Shape the future  
Impact an outstanding  
youth's life by mentoring  
him or her in a STEMM field

Global network

Discover what STEMM topics matter  
to the next generation of experts and  
connect with youths and other STEMM  
experts in the Global Talent  
Mentoring community

Mentoring support

Receive mentoring training  
and certification for your  
contribution as a mentor

*Participation is online  
and free of charge  
for mentees  
and mentor  
volunteers*

# GLOBAL TALENT MENTORING

## BECOME A MENTOR

# WHAT

does a mentor do?

- 🔄 Mentor one mentee for approximately 30 minutes a week
- 🔄 Nurture your mentee's STEMM talent, including working with your mentee to create an individualized learning pathway
- 🔄 Commit to long-term mentoring

# WHAT

is Global Talent Mentoring?

Global Talent Mentoring is a program that fosters excellence in science, technology, engineering, mathematics, and medical sciences (STEMM) worldwide for exceptionally talented youth through evidence-based, long-term, online mentoring. Launching in late 2020, Global Talent Mentoring bridges geographic and cultural distance to connect the brightest young minds with distinguished researchers, academics, and professionals in what will become a global pool of talent development. As a mentor, you will be matched with an outstanding young talent in STEMM with whom you will develop an individualized learning pathway. You will also have the opportunity to work on projects with your mentee, participate in research studies, and make connections with other STEMM experts.
