Short Bio:

- **Prof. Elias G. Carayannis**
Dr. Elias G. Carayannis is Full Professor of Science, Technology, Innovation and Entrepreneurship, as well as co-Founder and co-Director of the Global and Entrepreneurial Finance Research Institute (GEFRI) and Director of Research on Science, Technology, Innovation and Entrepreneurship, European Union Research Center, (EURC) at the School of Business of the George Washington University in Washington, DC. Dr. Carayannis' teaching and research activities focus on the areas of strategic Government-University-Industry R&D partnerships, technology road-mapping, technology transfer and commercialization, international science and technology policy, technological entrepreneurship and regional economic development.
- **Dr. Theodora Valvi**
Dr. Theodora Valvi has many years of experience in the banking sector and is also a PhD holder (2017) from the University of Athens on Business Model Innovation. She has co-authored several journals, books, book chapters and conference papers on related subjects and is currently teaching courses on Entrepreneurship and Innovation at the University of Athens.
